邀请函

(就邀请函进行公示)

Ms Jinhui (Jeanne) Huang
Professor
College of Environmental Science
and Engineering
Nankai University
Member, WFEO Water Committee

Geneva, 14 August 2026

Dear Ms Huang,

UN-Water is pleased to invite you to participate as representative of the World Federation of Engineering Organizations (WFEO), a UN-Water Partner, in the open session of the 44th UN-Water Meeting, which will take place this year on 1 October (full day) and 2 October (morning session) at the International Fund for Agricultural Development Headquarters in Rome, Italy. You are also welcome to join participants in the informal dinner taking place on 1 October as of 19:00 at Eataly's Restaurant Terra.

As indicated in the [UN-Water Operational Guidelines](#), Members and Partners are expected to cover individual costs associated with the participation in UN-Water Meetings and other activities.

We hope you can join us and look forward to pursuing our good collaboration with WFEO.

Yours sincerely,

Federico Properzi
UN-Water Chief Technical Adviser

Subject: Invitation for Dr. Jinhui (Jeanne) Huang to Visit Branch Institute

Dear Dr. Jinhui (Jeanne) Huang,

It is my great pleasure to formally invite Dr. Jinhui (Jeanne) Huang, the General Director of the Sino-Canadian Joint Research Center on Water and Environmental Safety, College of Environmental Science and Engineering, Nankai University, to visit the Branch Institute, Switzerland, from 3 October to 9 November 2026.

We are delighted to host you for a collaborative visit that will include laboratory tours, academic exchanges, and discussions on potential future collaborations between our institutions and research groups. In particular, your visit presents a valuable opportunity to advance our joint project, "Urban Ecohydrological Resilience to Climate Extremes", which was initiated and is being conducted by both Nankai University and Branch Institute.

I very much look forward to welcoming you to Branch Institute and to strengthening our collaboration through this visit.

Yours sincerely,
Constantin Zohner

8 September 2026

Dear Prof. Jinhui Jeanne Huang,

Invitation to Visit UNIDO Headquarters in Vienna 3–10 October 2026

I am pleased to invite you to visit the United Nations Industrial Development Organization (UNIDO) Headquarters in Vienna from 3 to 10 October 2026 for discussions and an exchange of views on areas of mutual interest and potential cooperation.

During your visit, we would particularly welcome the opportunity to discuss the following areas:

Renewable energy development, including the role of hydropower and other renewable energy technologies in supporting sustainable and inclusive industrial development;

Water resources management in the era of artificial intelligence, including opportunities for applying AI, digital technologies and innovative approaches to improve water resource planning, management, resilience and efficiency; and

Development of potential GEF project, including potential areas for joint project development and resource mobilization under the Global Environment Facility (GEF), particularly in the fields of climate change mitigation, renewable energy, water resources and sustainable industrial development.

We believe that your expertise and experience would provide valuable perspectives to these discussions and contribute to identifying practical opportunities for collaboration between your institution and UNIDO. The visit would also provide an opportunity to exchange views with relevant UNIDO colleagues and explore potential joint initiatives and partnerships.

We very much look forward to welcoming you to UNIDO Headquarters and to a productive exchange on these important issues.

Yours sincerely,

Heng Liu,
Senior Technical Advisor
Division of Climate and technology partnership
United Nations Industrial Development Organization
